

## **CONSTRUCTION ADVISORY: *NEW Fire Station #37***

**Please be advised that the Engineering & Construction Management Department is scheduled to mobilize construction activities in August 2012 toward the construction of a new fire station to be located at the intersection of Tierra Aurora Dr. and R.C. Poe Rd.**

The project consists of the construction of an 8,782 square foot fire station to be located at 12950 R.C. Poe Rd. and upon completion will feature the following improvements:

- Site Improvements – parking areas for public and personnel
- Xeriscaping and Drip Irrigation System
- Integration of Public Art
- Dormitory Bedrooms
- Living Room/Kitchen
- 3 Bay Apparatus Room

Additionally, the design incorporates smart growth design principles to promote greater walkability and neighborhood character by adding appealing facades and a tower element to define the building as a civic place. Fire Station #37 will also pursue Leadership in Energy and Environmental Design (LEED) Silver Certification, indicating that the design places an emphasis on achieving improved sustainability.

**Please note the project site is scheduled to be under construction for the next eight (8) months with expected completion in April 2013.** The project site perimeter will be fenced off during this construction period. *Street closures are not anticipated during this timeframe.*

**For more information, please contact the Project Manager:  
Yvette Hernandez at 240-8677 or [hernandezym@elpasotexas.gov](mailto:hernandezym@elpasotexas.gov)**
